Around Gütenbach

Short Tour around Gütenbach following interesting paths with multiple magnificent viewpoints

First you go down the valley in direction Simonswald until you discover the narrow "Oskar-Nitz-Weg" between the last two Houses on the right side. It follows an ascend over one kilometer, from now on you keep going to the right to reach the other side of the towns hill, passing by the sports ground, the Bühlhof and the so called Sägemühle. From the sports ground you have gorgeous outlooks to the Feldberg. An exciting creek crossing awaits you at the Sägemühle. Afterwards you can take a look over the idyllic village while standing above the Rehbühl. Behind the former "Faller-Villen" you come back to the roads of the village and your starting point.
